MYERS PLEADS GUILTY ASKS FOR PROBATION

Albert Myers, San Mateo butcher who was accused of assault with a deadly weapon, last Monday pleaded guilty to assault. Myers was found by John McCaughren, insurance man of Burlingame in a closet of Mrs. McCaughren's room. Myers is said to have attacked McCaughren with a hammer, and to have severely injured him.

Following the affair at the McCaughren home McCaughren was granted a divorce from his wife, and Myers was arrested and charged with battery. Later the McCaughrens were said to have become reconciled, and the charges against Myers were asked dismissed. The district attorney, however, declared his intention of prosecuting Myers.

At the advise of his attorney, J. J. Bullock, Myers asked to have the charges reduced to simple assault, and plead guilty to that charge. Myers appeared for sentence Thursday and was granted probation for one year. According to friends of the butcher, he was not hiding, as McCaughren had charged, but had called at the house on business. Myers claims that he was attacked by McCaughren without any cause.

S. P. Business Doubles in Year

The business of the Southern Pacific through its local office is double this year to what it was last year, according to LeRoy Dains, local agent. The increase has been caused by the building up of this section, according to Dains, who says that the receipts of the railway are an invariable barometer of the growth of a town.

Increase has also been recorded to almost an equal degree in all lines of transportation. More goods is being shipped into town at present than in any time of the past year. More buildings are being erected today than ever before and more men are being employed in Redwood City than ever were before.

ATHERTON WATER SUIT MAY INCLUDE REDWOOD

That Redwood City, Palo Alto and the Bear Gulch Water Company should be named defendants in the suit of Matt Harris vs Joe Shearer and others, was the statement contained in an answer to the complaint of the plaintiff, which was filed in the office of the county clerk this week by G. J. Giannini, one of the defendants. The suit was brought because of the lowering of the water in the wells as a result, it was said, of the excessive pumping of water by Japanese employed by Shearer. According to Giannini, the towns mentioned and the Bear Gulch Water Company all pump from the same source as the Atherton wells and should be made equally defendants. There are 400 other wells drawing water from the same source, according to this statement.

MERRILL AND WILLIAMS ELECTED SCHOOL TRUSTEES BY BIG MAJORITY

The results of yesterday's election, the most hotly contested high school election ever held in this district showed C. H. Merrill and D. W. Williams to be the winners by a comparatively large margin. The fact that there were six candidates running, alone marks this campaign as unusual, as the office is not usually contested. All candidates in this instance had made active campaigns, and their efforts resulted in the largest vote being cast in the history of the Sequoia Union High School; 850 voters having signified their desires before the poles closed last night.

The election was for the purpose of filling the two vacancies caused by the terms of Trustees Heydenfeldt and O'Keefe expiring. Thomas Heydenfeldt was a candidate to succeed himself, but failed to get the necessary support to be re-elected. Dennis O'Keefe did not seek re-election this time, as his duties as assistant United States appraisor do not allow him sufficient time to devote to the school.

The returns for the various candidates were as follows:

	Williams	Merrill	Walsh	Marcus	Heydenfeldt	Fairfield
Redwood City	632	438	325	123	131	27
Ravenswood	78	125	62	7	34	19
Portola	5	5	2			
San Carlos	41	30	20	15	24	83
Belmont	17	16	3	6	13	23
Menlo Park	61	134	218	26	17	2
Las Lomitas	38	43	17	4	10	
Woodside	47	48	47			
Total	918	839	694	181	229	154

The vote from Redwood City was fairly well divided among the candidates, Henry Marcus, Donald Williams and T. O. Heydenfeldt, were from here and all had been soliciting their friends for support.

O. D. Fairfield was from San Carlas, and secured a good vote from there as well as from Belmont. Not being better acquainted in the remainder of the county was against his success.

Menlo Park was represented by two candidates, both of whom were well known, and turned out in fine shape to their support. The vote cast in Menlo Park is the largest ever cast for an election of this kind.

The vote in the outlying districts was rather divided according as one candidate or the other was best known. Both the candidates elected are capable men and will make able trustees on the board.

In the election for trustee for the Greersburg school, at Woodside, Fred Mighall, the incumbent, defeated Mrs. Mowwe by 30 votes, the result was 72 for Mighall and 42 for Mrs. Mowwe.

NEWS OF WOODSIDE

Mr. and Mrs. Daniel C. Jackling paid a hurried visit to their home here prior to departing for New York. They have just returned from an extended trip through South America, where Mr. Jackling went primarily to inspect the Braden copper mines in Chile. They went from here to Santiago and, after inspecting the mines, crossed over the high Andes into Argentina. After crossing the South American continent they spent some time at Buenos Aires and from there took boat to Rio de Janeiro, where they visited for two weeks. After getting back to San Francisco they remained but a week at their apartment in the St. Francis and then started for New York where they will remain for about a month.

Mr. and Mrs. Mortimer Fleishacker arrived on Friday with a large number of guests whom they will entertain over the week end.

James O'Donnell also visited his place here on Sunday. Since Jim acquired his property at Burlingame he does not spend as much time at Woodside.

Mrs. J. M. Barnasque has been ill for over a week with intestinal influenza. Dr. J. L. Ross has been attending her and she is making progress toward recovery.

The boys of the school had a snow balling contest the first of the week. Some kind-hearted person brought them down a sack full of snow from the mountain top and this the boys utilized in an impromtu battle. It isn't often that we have snow-balling in the latter half of March.

If the national political campaign should create an interest in proportion to the campaign for scrool trustee in this district we might as well go out of all business for the next six months.

That an opposition ticket will be run in an attempt to oust the present board of trustees of Atherton was made known this week by a proclamation of the town clerk of that city It has been rumored for some time that the "Atherton Voters' Protective League," an organization which claims to be formed to protect the voters of the district from the city government, would run a ticket, with the idea of overthrowing the present government of the town. The ticket announced this week appears as follows: for trustees, Henry W. C. Daseking, Walter Hilton, Fredrick Orr, William Prior, and G. E. White. A. C. Dilg is being run as clerk.

To this ticket is opposed the present trustees and clerk of Atherton, who were elected by an overwhelming majority at the time that Atherton was incorporated The trustees who are seeking re-election are: Cutler Bonestell, F. FALLS ASLEEP DRIVING; WRECKS TWO CARS

Falling asleep at the wheel while piloting a high-powered machine nearly resulted tragically for W. T. Schiller, automobile salesman of Los Angeles last Thursday morning. Schiller started early from San Francisco for his home in Los Angeles, so early in fact, that he did not fully wake up until his car crashed into one belonging to Alex Turla of Menlo Park. The accident occured at about two in the morning near San Carlos, and resulted in two badly wrecked cars. Schiller was arrested and spent the night in the local bastile. Turla did not want to prosecute the case, but signed a complaint when informed that it would be necessary in order for Schiller to get out of jail. Sentence was suspended.

Old Map Causes Much Interest

The following article appearing in the March issue of the Stanford Illustrated Review will be of interest to many Redwood City residents.

"The article by Alice Hays, '96, on the proposed 'Pacific and Atlantic' Railway, with the old map of this section, published in the Illustrated Review of November, has aroused widespread interest.

"From Caspar W. Hodgson, '96, comes the following extract from a letter written to him by Sidney Edward Mezes, President of the College of the City of New York:

"'I want to thank you for your kind thought in sending me.....the little map you found in the Stanford Illustrated Review. I had completely forgotten the fact that a large and growing town now called Redwood was originally named after my father, in the old squatter days of the early fifties, when he had many an interesting experience and encounter there or thereabouts. It is interesting to have them recalled. He was one of the original grantees from the Federal government on the Rancho de las Pulgas, a tract very much more beautiful than its name, stretching from San Mateo to San Francisquito Creek, and from the Bay inward three leagues to the crest of the Coast Range.'"

Redwood City was named at first Embarcadero, which name it kept until 1854, when J. M. Mezes had the town surveyed and platted as the town of Mezesville. The survey was made by W. W. O'Dwyer, and the plat was filed for record in San Mateo county, August 1, 1856. By the above name Redwood City was known for a number of years, and title deeds to land in the original plat still designate the places as Mezesville.

Sydney Edward Mezes is the son of the elder Mezes and is now president of the College of the City of New York. At the time of his going to that institution from the University of Texas, Mezes received $12,000 a year, at that time the largest salary paid to any president of any college in the United States.

DISTRICT ATTORNEY FILES DEMURRER IN SLANDER SUIT

A demurrer in the case of D. C. Imboden vs Franklin Swart was filed by District Atorney Swart last Saturday. The demurrer states that the plaintiff, Daniel C. Imboden, secretary of the Three Cities Chamber of Commerce, has no cause for action in his case against the district attorney.

On Tuesday Attorney Sullivan, who is representing Imboden, appeared in the county clerk's office and asked that a request for default be filed as he said that the district attorney had not filed a demurrer within the alloted time of ten days. Sullivan was informed that Swart had filed a demurrer four days before. He then asked that a request for default be filed, as the defendant had failed to notify the plaintiff that a demurrer had been filed.

Later in the day Attorney Sullivan again came to the clerk's office and asked that the demurrer be set aside for the same reason, namely that the plaintiff had not been notified of the filing of the demurrer.

Sullivan, while in the clerk's office, met Swart, who had just come in. They conferred together awhile and then Sullivan asked that his petitions be withdrawn. What agreement they made has not been announced, nor has any further development of the case been recorded.

Swart announced this week that he will be represented by the law firm of Ross & Ross.

GOOD CITIZEN

Our old friend Oliver Goldsmith in "The Deserted Village" said,

"Ill fares the land, to hastening ills a prey,
Where wealth accumulates and men decay:"

Mr. Goldsmith wasn't thinking about the United States of America, but he might have, had he known anything about present day conditions.

Further along the poet wrote:

"A time there was, ere England's grief began,
When every rood of ground maintained its man;
For him light labor spread her wholesome store,
Just gave what life required, but gave no more;
His best companions innocence and health,
And his best riches ignorance of wealth."

In the olden days when our country demanded labor of every man we had the best country in the world. With the accumulation of vast fortunes conditions have changed and it begins to look as if we would have to remold our national elucational systems or else mold a new set of ideals. Napoleon Bonaparte didn't care much how an enemy country was treatel, but La Belle France had to have every thing that was good, anl the public welfare was his and his generals' only consideration. William Hohenzollern might consider a treaty with another country as only a scrap of paper, but anything for the Fatherland had to be right for the whole people. Benedict Arnold once betrayed his people and he has since been the most despised and loathed man of our history. He is classed with Judas who betrayed his Christ.

We would not presume to criticise, but it does seem as though some of the men who have had high places in the affairs of our country were not worthy of the trust that was reposed in them. No punishment is too severe for the man who would sell his country's heritage for a bag of gold.

It is about time for us as a nation to begin to hark back to the ideals of our ancestors and try to teach our boys and girls that it is better to be honest than to be rich. It will be a hard job, but we have had many hard jobs on our hands in days gone by but some how when we have undertaken a job in earnest, we have been able to put it over.

TWO MEN WHO DIED

How many Americans love their country and appreciate its advantages as did Wesley Jordan of Lancaster, Ohio, who died recently at the age of seventy-five? Mr. Jordan, a farmer, left a will disposing of property worth $16,000. After setting aside a sum sufficient to pay the expenses of his burial he provides that the remainder shall be paid to the Treasurer of the United States, "to which Government I owe a great debt of gratitude for the privilege of life, liberty and the pursuit of happiness under the Stars and Stripes."

Two weeks ago a poor old fellow died here in Redwood City. He turned on the gas and went to sleep because he didn't have anything to live for. He didn't believe in God, or so he said. He didn't feel that he had a debt of gratitude for life, liberty and the pursuit of happiness, so he ended up the whole business. We wonder if he did.

A GREAT SERVICE ORGANIZATION

The Rotarians of this district, comprising California and Nevada had their convention at San Jose last week. Nearly two thousand men left their homes and business and journeyed hundreds of miles to show their devotion to an organization which is operating to give service in the communities in which branches exist. There are no monetary benefits connected with the membership, a man joins the Rotary Club simply because he wants to give intelligent service to his community.

Once a week the members meet and discuss civic problems. Individually they try to moke conditions better in their home towns. They are a great united bunch of optimists. We hail them and their friends in the Kiwanis and Lions and similar organizations. We hope they will spread all over the world and carry out their principles of making their communities the right kind of places in which to live and bring up families.

ANOTHER BIRTHDAY

With this issue the Times-Gazette completes the sixty-fourth year of its career. During the last sixty-four years not a Saturday has passed without its accompanying issue of the Gazette. This issue is the 3,328th to be placed before the people of San Mateo county. During the time of its publication the Times-Gazette has been privelged to print some of the most interesting bits of news which the people of this grat country have ever read. The great upheavels which this country has undergone are indelliably recorded within the files of this paper.

When the first gun of the civil war, started the avalanche that nearly divided the nation, the Gazette printed that fact for its readers, and when the great battle of Vicksburg was won, the glad news appeared in these pages. The murder of Lincoln, and that of McKinley brought forth mourning borders for the Gazette, and during the great Indian uprising of '78 every move of the opposing armies was recorded in this paper.

Not alone in great national affairs has the Gazette acted as the recorder of events, but every person born in Redwood City within the period of its publication can find that fact recorded, somewhere in the musty volumes which are safely preserved. The home town paper is truly the repository for the thoughts of the community. It is the community life petrified.

But this life does not exist alone in the past. While the past may throw a glamor over seemingly trivial events, and make hard facts appear in an opalescent light, it is now, in the present, that the papers of Redwood City are priviledged, as never before to record progress and growth. No where in the files of the Gazette can be found a brighter and more prosperous Redwood City, than that which exists today. The Redwood City in which we live.

Traffic Cops to Resume Work

After months of enforced idleness, the traffic officers of San Mateo county will once ore patrol the highways of the county, beginning the first of April. The agreement with the State whereby the former traffic officers are to reinstalled, was decided upon at the regular meeting of the supervisors last Monday.

With M. F. Brown present as the representative of Will H. Marsh, chief of the motor vehicle department of the state, and District Attorney Swart to give them the necessary legal advise, the supervisors went over the situation of the traffic officers from every angle and finally decided upon a plan, which, while it will not at first allow the officers as large salaries as was at first expected, will solve the problem until more funds in the treasury permit of greater pay to the traffic squad.

Under the new arrangement the traffic officers will be paid $175 per month except the chief who will receive $200. The men will furnish their own machines men will furnish their own machines and gasoline. The pay of the traffic squad was to have been $250 per month, but owing to there being insufficent funds in the treasury from the registration of autos, from which fund the men are to be paid, the reduction was found necessary. The men were all present and signified their willingness to go back to work at the reduced pay.

The officers who will begin their duties next Tuesday are: James Logan, chief; and officers, Kreiss, Dalziel, Bond, Quinlan and Vierra. These officers, Brown said, were considered by Marsh to be the best squad in the state. Marsh was, he said, particularly glad to have Logan back on the force again as chief.

The traffic officers are technically employed by the State of California, and will be paid by the State from the money which is apportioned to the county from the registration of automobiles The salaries of the officers are, however, fixed by the supervisors of the county, and they will be in reality county officers, although members of the State traffic squad. This arrangement was found necessary in order to legally employ traffic officers, after the decision of the supreme court some months ago that the counties had no legal right to pay traffic officers, since the constitution of the state provided that patroling the county roads should be done by the sheriff's office.

Brown in speaking of the lack of available funds, mentioned the number of cars that belong in the county and are registered outside of it. All the oil companies, operating together a fleet of over a hundred large trucks, register all their cars from the head offices of the company, which results in the money from their registration being allotted to San Francisco. Many residents of this county, he said, who have offices in San Francisco, register their cars from their city address, and thus give the money which should go to this county, to San Francisco. Also in the southern part of the county, said Brown, people whose homes are in this county, but whose post office is in Palo Alto, by giving only their post office address, cause the money which should go to this county, to be diverted to Santa Clara county.

The next matter to be considered by the supervisors was the opening of the county park. A large delegation of members of the American Legion from all posts of the county was present and presented a long list of suggestions for the dedication ceremonies. Major A. J. Watson, commander of the San Mateo Post, acted as spokesman and presented the following suggestions to the supervisors:

Proposals by the San Mateo County Council of the American Legion to the Supervisors of San Mateo county regarding dedication of the Memorial Park.

(1) That the park be dedicated by appropriate services on July 4, 1924, and that the county picnic be held there on that date.

(2) That the necessary steps be taken to put the park property in condition so that it will accommodate the large crowd that will gather there for the day and to camp over the week end. To accomplish this, the following, amongst other matters, should be attended to at once:

(a) Roads should be repaired.

(b) Road signs should be put in place

(c) An auto parking site for say 1000 cars should be designated and cleared.

(d) A platform suitable for the dedication services and dancing should be erected.

(e) Picnic grounds should be chosen and benches, tables, rubbish cans, firewood and other facilities furnished.

(f) Drinking water should be piped to appropriate locations.

(g) Sanitary conveniences should be constructed.

(h) Camping sites, preferably similar to those at Big Basin should be located and numbered with trails laid out and a map of their location prepared so that they may be assigned by number and camping parties held responsible.

(i) A system of registration of camping parties should be outlined.

(j) Some system of lighting the main entrance and grounds should be considered and installed.

(3) In order to carry out the foregoing it has been suggested that the board might appoint a temporary park commission with powers to act and appropriate sufficient funds for the necessary expense

(4) That a committee of 100 be appointed as a San Mateo county picnic committee to advise with the American Legion and assist in carrying out the plans for July 4, 1924.

(5) That games, competitive athletic events for children, a relay race from Redwood City to the park to be run by the county high school teams, and such other activities as are feasible be planned to awake interest and give added publicity; that an essay competition be arranged amongst children in the grammar school throughout the county for the best essay on "Why San Mateo County has Acquired a Memorial Park." or "Why Do We Celebrate July 4?" the winning essays to be read in the park.

(6) That a strong publicity committee of the editors of all county newspapers be formed.

(6) That photographs of the park be taken and printed in the newspapers.

(8) That the following sub-committees be formed.

(a) Transportation—To arrange and furnish free transportation by use of public conveyances to those who have no other means of being present.

(b) Traffic Regulation—To designate a one-way road in and out and handle autos in the park.

(c) Athletic Events and Awards.

(d) Music and Dancing—A band should be hired for the day and evening.

(e) Memorial Service—Probably the American Legion will arrange the details of this.

(f) Refreshments—To arrange and furnish, say coffee for adults and ice cream for children free.

(g) Entertainment—A bonfire program of amateur talent should be arranged for the evening.

(9) That if possible a large redwood should be dedicated to the memory of each one from San Mateo county who died in the military service of his country during the late war. The names might be inscribed on temporary wooden signs on the trees and later funds raised by public subscription for permanent metal markers.

(10) That a site, with suitable camping space, be set aside for an American Legion club house for county ex-service men.

(11) That a site, with suitable camping space, be set aside for a Boy Scout camping headquarters for San Mateo county Boy Scouts.

(12) That a permanent flag pole be placed near the entrance and a flag flown each day the par kis open.

(13) That the fact that it is a "Memorial" park be emphasized and that the spirit of reverence and remembrance be kept in mind.

(14) That the members of the three posts of the American Legion in San Mateo county located at Redwood City, San Mateo (which includes Burlingame and Hillsborough) and South San Francisco, pledge themselves to the task of community service in carrying out all or any part of the foregoing proposals the Board of Supervisors agree to.

A new tract of land will soon be opened and placed on the market, according to B. Writh, who as a representative of W. B. Hoag, presented a map of Lake Shore Hills to the board of supervisors. The tract is just north of Woodside and near the Spring Valley lakes. A bond by the Spring Valley Company for payment of taxes was also filed. The tract will be subdivided into villa lots and sold.

A petition was received from J. B. Feliz of Atherton, for appointment as constable of the Third township, when James Logan resignes to resume his duties as traffic officer.

District Atorney Swart addressed the board in regard to the poor light in his office, which he says has caused all his stenographers to have trouble with their eyes. Swart's office is lighted only by a large skylight. The district attorney asked that the present law library be given him as an office and that the reception room of his present office be used as a law library The office now employed by the assistant district attorney, to be used as a reading room for the law library. Before making the change, however, Swart said that he would like to take the matter up with the San Mateo County Bar Association, and if satisfactory to them would ask to have the change made.

Cleaning Without Odor by the
F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

MEMORANDUM

The first publication of this Summons was made in the "Times-Gazette," a newspaper on the 2nd day of February 1924. 10t.

NEWS OF MENLO PARK

H. W. Dewey, a retired capitalist of Palo Alto, is erecting a pretentious bungalow on Live Oak avenue. It will be another one of the pretty homes for which this locality is noted.

The rainfall for the recent storm was .80 of an inch, making a total of seven inches for the season which is 10 inches below normal. The late rains have brightened up the growing crops so that farmers are certain of a fair yield.

During the week congress appropriated the sum of $207,987 for improvements at the base hospital. The money is to be spent in new buildings and improving the grounds. The appropriation was secured through the efforts of Senator Samuel M. Shortridge.

There is a great demand in Menlo Park for houses. Every day prospective tenants are here looking for residences and have to go away without securing one.

Something should be done to stop the fast driving of automobiles through the streets of town. Autoists appear to have no regard for the laws. They run through town and the rate of forty or fifty miles an hour not caring whom they may injure or kill. It is about time a stop should be put to this practice. The scofflaws should be severely punished.

The contest for high school trustees brought out a large vote yesterday. Much interest was manifested in the election. George B. Walsh and Charles Merrill, the fire commissioner, were the local candidates.

Mrs. H. Clay Miller entrtained a small group at luncheon a few days ago at her home in Palo Alto. Among the guests were Mrs. Perry Eyre, Mrs. Carroll A. Devol, Mrs. Frank Marshall, Mrs. David Starr Jordan, Mrs. John W. Mitchell, Mrs. E. B. Towne and Mrs. John Caspar Branner.

Miss Claire Carpenter of Los Angeles has come to Menlo Park to make a three months' visit with her uncle and aunt, Mr. and Mrs. R. M. Roberts. She is attending school in Palo Alto.

A card party was held under the auspices of the Companions of the Forest at the hime of Mrs. Henry Smith last Tuesday evening. The Misses Smith assisted their mother in receiving the guests. After the game delightful refreshments were served.

Walter Garboniof Stanford has purchased the attractive home of James Hardgrove in the Linda Vista tract. Mr. Hardgrove is looking for a suitable residence in Menlo Park.

On Tuesday, March 25, a baby boy was born to Mr. and Mrs. Philip Blanchard of Menlo Park.

The annual communion of the members of the Young Ladies Institute of San Mateo was held here at first mass last Sunday. Over a hundred young ladies from all parts of the peninsula made the pilgrimage to the Church of the Nativity. Breakfast was served in the Hall of the Nativity by the ladies of the parish. About twenty young ladies of Menlo Park are members of the organization and they were instrumental in bringing the pilgrimage here.

Mr. and Mrs. Ernest Stent and their children, Miss Frances and Katherine, Master Ernest and Master Ferdinand Stent, will leave in the summer for Europe, where they will spend a year or more. They will make their headquarters in Paris and the three youngest children will enter school there. Miss Frances Stent will make her debut in society after their return from Europe. She took part in some of the debutante affairs this winter. The Stents usually spend the summer in their beautiful home near the Bear Gulch lake.

Mrs. J. Athearn Folger and Mrs. Sigmund Stern are additional members of the opera association to take out foundership in the name of their grandchildren. Mrs. Folger's four grandchildren are the children of Mr. and Mrs. Platt Kent and Mr. and Mrs. Joseph A. Donohue, Jr. Mrs. Stern's grandchildren are the children of Mr. and Mrs. Walter Haas.

Mrs. Duncan Reynard entertained the members of the card club at the home of her mother on Tuesday night. Among those present were Mr. and Mrs. Milton Marcus, Mr. and Mrs. M. Loughlin, Mrs. J O'Keefe, Mrs A W Gale, Mrs Abbel Mrs. C. Kurtz, Mrs. John McBain, Mr. T. Dale, Mr. Carl Neighborn, Mrs Henry Smith, Mr Ralph Smith, Misses Margaret Harrington, Pearl McCormick, Rosalie and Jessica Smith, Mr. and Mrs. Duncan Reynard and Miss Susan Gale.

WHAT IS A One-Cent SALE?

It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of Jonteel Vanishing Cream is 50c. You buy a jar at this price and by paying 1c more, or 51c, you get two jars. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices and have sold you for years
